Singapore Red Cross' 2nd Tranche of Humanitarian Aid to Support Ukraine & The Refugee Crisis

Country / National Society	Situation Report / Red Cross Response	Allocation
International Federation of Red Cross and Red Crescent Societies (IFRC)	The IFRC has been active on the ground supporting the Ukrainian Red Cross Society (URCS) and neighbouring Red Cross National Societies and will be assisting an initial two million people in need of support. Among these groups, a special focus will be on vulnerable people, including unaccompanied minors, single women with children, elderly, and people with disabilities. Support will include material assistance, cash for basic needs, supporting emergency shelter, protection, health, WASH, Psychosocial Support (PSS) and scaling up of programmes.	S\$1.2 million
International Committee of the Red Cross (ICRC)	Since the escalation of the conflict, the ICRC together with URCS have distributed food, water, and hygiene items to 4,000 displaced people living in shelters in Mariupol on 2 March. They have also distributed medical supplies—war-wounded kits and first aid kits—to hospitals in Mariupol. They have also delivered war-wounded kits to treat people with trauma, burn, and gunshot wounds at two hospitals in Kiev, including one of the city's main trauma hospitals. ICRC is rapidly scaling up its humanitarian support in Ukraine, with a focus on medical needs and the distribution of food and relief supplies. They will be deploying additional resources such as manpower and supplies in order to scale up their activities in Ukraine.	S\$500,000
Polish Red Cross	Polish Red Cross teams are distributing food and basic aid items to those near the border. PRC has 22 rescue teams (about 450 medics) working in shifts at the border with Ukraine providing medical support and PSS to those coming to Poland. The Polish Red Cross is equipping accommodation areas with camp beds, blankets, and hygiene kits. An estimated 1 million people have crossed over into Poland. The Polish Red Cross has also sent food and eight medical tents to Ukraine.	S\$200,000
Hungarian Red Cross	The Hungarian Red Cross Society is supporting refugees with accommodation, food, and hygiene products. 180,000 people have crossed the border into Hungary. The Hungarian Red Cross has also sent relief aid consisting of foods, drinks, medical supplies, hygiene products into Ukraine.	S\$100,000

Slovak Red Cross	Slovak Red Cross is providing services such as psychosocial support, registration centres, first aid and health assessments, COVID testing centres, and the distribution of food and non-food items at their various branches. They have also put up tents for people arriving from Ukraine. 128,000 people have fled to Slovakia from Ukraine.	S\$100,000
Lithuanian Red Cross	The Lithuanian Red Cross has set up a hotline and registration centres for the estimated 1,600 people who have fled Ukraine into Lithuania. They are providing cash assistance for refugees and are preparing for the distribution of humanitarian aid such as hygiene kits for 9,000 people. Lithuanian Red Cross has also sent medicine, mattresses, sleeping bags and food into Western Ukraine.	S\$100,000
Red Cross Society of the Republic of Moldova	The National Red Cross Society of Moldova has mobilised most of their forces to provide food, masks and disinfectants to the Ukrainians who are seeking refuge in Moldova. They have also opened a shelter that can house up to 800 people. Nearly 83,000 people have fled Ukraine into Moldova.	S\$100,000
Romanian Red Cross	Romanian Red Cross volunteers are currently distributing food items, water, non-food items, hygiene products, SIM cards and more to the people in need at border crossing points. Nearly 80,000 people have crossed the border into Romania. 18 trucks of relief (food, water, non-food items) from the Romanian Red Cross and Italian Red Cross left for Ukraine.	S\$100,000
TOTAL DISBURSEMENT: S\$2.4 MILLION		S\$2.4 million
